Again - don't understand the point of all this... it's all kind of bizarre. Funny, I can't even find your YouTube channel anymore. I forget what you even look like.

Again... I don't understand what you're trying to do here... insult me because you didn't do what you promised to do?

Hey at least your lazy ass finally reviewed something.

Is this some type of threat or challenge? I don't understand.

Where did you drop it off... and oh yes it is your problem...

Besides having only 6k followers on YouTube, I have over 200k on fb as well as 20k on my membership site... so considering I have all of your information I'm simply going to display our correspondence as a reflection of your incompetence, disrespect and well now stupidity.

1. You contact me 2 months ago asking me for a free level 3a unit (\$499) you promise to have the video done within 2 weeks.
2. You receive your unit with a damaged buckle - we send a replacement
3. Three weeks pass - nothing. I email, text and finally call - your voicemail is full (red flag).
4. After a week I try again - you respond and say you're going to have the video up in a week.
5. Three weeks go by... I email, text and call again... two times, you finally respond to an email subject line: You stole my backpack
6. You finally respond with "I've been busy" - like I'm out of line...then I send you a return label and YOU DONT REMEMBER WHERE YOU DROPPED IT OFF.

It may not "be your problem" but make no mistake YOU ARE MY PROBLEM. And before the weeks over, every one in my world will know

Your YouTube Channel  
Your email

Your name  
Your phone  
Your address  
Your image and likeness

Because you are not a man. Men, real men, do what they say and if they can't, they have the decency and respect for the other man to be apologetic and seek to do the right thing.

I guess your plan was to just keep it and say "fuck you" to me and my family...

So if I don't receive that backpack in 4 days we will do what we do... and have a podcast titled "Influencer Scammers" Darrin Campbell

Oh and once I put the blog post on my site and do put SEO to it, by the end of the month, any one who searches you will know the story....

So yeah... it's not your problem... it's my problem now.

I'm sorry if this question is too difficult for you.

Did you drop it off at the post office or a ups store?
